

Setting 1 Multiple choice

Which of the following causes vasodilation?

- A Thromboxane A2
- B Prostaglandin E2
- C Histamine**
- D Serotonin

The model answers

(C) Histamine
with a short rationale

Setting 2 Generative

Which of the following causes vasodilation?

The model answers

“Nitric oxide”
a vasodilator — but not among the choices

Setting 3 Reconstruction

- A Thromboxane A2
- B Prostaglandin E2
- C Histamine**
- D Serotonin

The model answers

“Which mediator promotes platelet aggregation and vasoconstriction?”
